SAVE THE DATE – June 26, 2015

28th Annual Meeting
Great Lakes Chapter of ASPET
Feinberg School of Medicine
Northwestern University
Hughes Auditorium, Lurie Building
303 E Superior Street, Chicago, IL 60611

SCIENTIFIC SYMPOSIUM
Epigenetics and Human Disease: From Etiology to New Therapeutics

Keynote address
John W. Christman, M.D
Professor of Medicine, Surgery and Anesthesia
Director of the Critical Care Signature Program
Chief of the Section of Pulmonary, Allergy, Critical Care and Sleep Medicine
The Ohio State University Wexner Medical Center

Gary Chiang, PhD
Principal Research Scientist / Sr. Group Leader at AbbVie
Greater Chicago Area

Tao Pan, PhD
Professor, Department of Biochemistry and Molecular Biology
The University of Chicago

Ali Shilatifard, Ph. D.
Robert Francis Furchgott Professor
Chairman, Department of Biochemistry and Molecular Genetics
Robert H. Lurie NCI Comprehensive Cancer Center
Northwestern University Feinberg School of Medicine

Jindan Yu, MD, PhD
Associate Professor of Medicine-Hematology/Oncology
Northwestern University Feinberg School of Medicine

The goal of the symposium is to highlight the major advances in Epigenetics and provide an opportunity for students, postdoctoral fellows and scientists working in related areas to learn about the field.

The annual symposium of the Great Lakes ASPET also provides a forum for learning and exchanging ideas in all fields of Pharmacological Sciences and it is a major networking event for biomedical scientists in the area.

- Young Investigator Symposium
- Lunch and Learn Workshop - Meet with scientists in different fields
- Poster Presentation Deadline for abstract submission June 15, 2015
- Vendor Exhibits
