

April 4 – 7 • San Diego, California

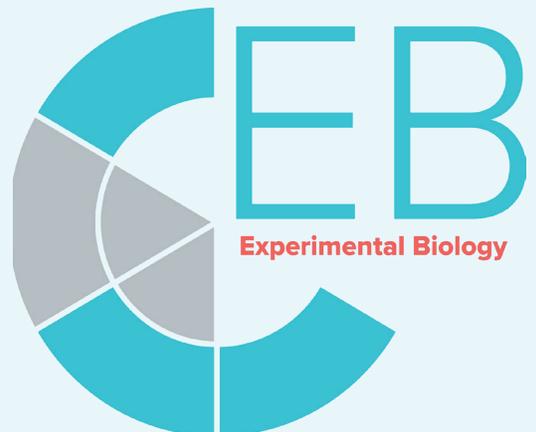

ASPET 2020 Annual Meeting

at Experimental Biology

Sponsorship Opportunities

Partner with ASPET to increase your visibility among life scientists who are directly interested in your products and services.

Gain maximum exposure for your company while showing your support for pharmacology and ASPET!

Dear Sponsor,

The American Society for Pharmacology and Experimental Therapeutics is busy planning our next annual meeting, taking place at Experimental Biology 2020 in San Diego, CA. Experimental Biology (EB) is a multi-disciplinary scientific meeting composed of five societies and more than 12,000 attendees. We invite you to be a part of this spectacular meeting.

ASPET members work in a variety of different fields that include pharmacologists, neuroscientists, toxicologists, chemical biologists, pharmacists, cardiovascular scientists, and many more. Though very diverse, our members have a common bond through their membership in ASPET. Our members' research efforts help develop new medicines and therapeutic agents to fight existing and emerging diseases. The

ASPET annual meeting brings together this diverse audience of scientists and provides them an opportunity to share research, connect with colleagues, and build lasting relationships with companies and organizations like yours.

EB 2020 will bring together more than 12,000 life scientists who are directly interested in your products and services. Our sponsorship levels offer maximum exposure and a valuable opportunity to reach a targeted audience.

This is the premier event in the pharmacology field, and this is the event to support if you're looking to successfully reach leaders in the field. Join us in San Diego and take your organization's success to the next level, while showing your support for pharmacology and the life sciences!

Please take the time to look through our different sponsorship levels and explore the benefits. We are open to tailoring a special sponsorship package to meet your needs, so please feel free to contact me at sthompson@aspet.org or (301) 634-7069 with any questions or special requests.

We look forward to partnering with you.

Suzie Thompson

Director of Marketing

American Society for Pharmacology and Experimental Therapeutics
