

Masters Degree in Pharmacology/Toxicology

Wright State University
Dayton, OH

James B. Lucot, Ph.D.

Target Employment Niches

Industry

Academics

Government

Adjunct Faculty

Battelle Research Laboratories

Wright Patterson AFB Toxicology

Thesis required

Laboratory work begins in first quarter

Class time concentrated to accommodate employment

Courses are principles rather than drug groups

Required Courses

Quarterly seminar

Biokinetics

Research Techniques

Biodynamics

Biostatics

Molecular Toxicology

Quarterly research time

One elective

Medical Biological Defense

Medical Chemical Defense

Physiology/Pharmacology Vascular
Cells

Neuropharmacology

Intercellular Communication

Selected Topics
