

April 2 – 6 • San Diego, California

# ASPET 2016 Annual Meeting

at Experimental Biology

## Diversity 3.0: From Fairness to Excellence

Marc A. Nivet, Ed.D., Chief Diversity Officer  
for the Association of American Medical  
Colleges

Monday, April 4, 2016

2:00 pm – 2:50 pm

San Diego Convention Center  
Room 17B

Marc A. Nivet, Ed.D., is Chief Diversity Officer for the Association of American Medical Colleges, where he provides strategic vision and programmatic leadership around diversity and inclusion. Through his advising, lectures and writing, Dr. Nivet works to reframe the narrative around diversity, positioning it as a driver of excellence and highlighting the link between community engagement and health equity.

Don't miss this exciting talk that will describe the needed evolution from thinking about diversity as competing with excellence to being a core driver and marker of excellence. Through vivid narrative and illustrative examples from other industries, be prepared and open to a new vision on how we harness diversity and its necessary inclusion to advance our profession.

Sponsored by the ASPET Mentoring and Career Development committee
