

Membership Information

ASPET is a nonprofit scientific society founded in 1908 devoted to advancing pharmacology and experimental therapeutics through scientific meetings, publications, education and advocacy efforts. ASPET provides its members with the tools and resources to promote their research, advance their careers, and build lasting relationships with fellow scientists.

Membership Categories

Regular Members

Any doctoral level investigator who has conducted, and is the primary author on at least one publication of an original study in the area of pharmacology published in a peer-reviewed journal is eligible for membership in ASPET. Exceptions may be made for someone who does not meet the degree requirement but who has made major research contributions to pharmacology.

Affiliate Members

An investigator who does not meet the requirements for Regular membership because of the lack of a degree or lack of publication is eligible to apply for Affiliate membership. Affiliate members receive all the same member benefits as Regular members except that they may not vote in ASPET elections.

Postdoctoral Members

Any qualified person who has received their PhD or equivalent degree in pharmacology or a related field within the past five years is eligible for Postdoctoral membership. Postdoctoral members receive the same benefits as Regular members, including the right to vote in ASPET elections. Individuals may remain in the Postdoctoral membership category for a maximum of five (5) years from the date of receipt of their PhD (or equivalent) degree after which time they must upgrade to Regular membership.

Graduate Student Members

Individuals who are enrolled in graduate or professional degree programs and who have an interest in pharmacology are eligible for Graduate Student membership. Upon completion of their research doctoral degree, Graduate Student members may upgrade to Postdoctoral Membership. Applications for Graduate Student membership must be accompanied by a statement from an ASPET member or the applicant's research advisor or department chair indicating that the student is training in a pharmacology related field and is a student in good standing.

Undergraduate Student Members

Individuals who are enrolled in undergraduate degree programs and who have an interest in pharmacology are eligible for Undergraduate Student membership. Applications for Undergraduate Student membership must be accompanied by a statement from an ASPET member or the applicant's research advisor or department chair indicating that the student is training in a pharmacology related field and is a student in good standing.

Dues

Regular Members \$150

Affiliate Members \$150

Postdoctoral Members \$75

**Graduate Student Members
\$30**

Graduate Student members pay no dues for the first year of membership. Undergraduate membership is free.

**Apply Online at:
www.aspet.org**

Membership Benefits

ASPET Publications

- Reduced page charges to publish in ASPET journals
- Free manuscript submission to ASPET journals
- Free full-text online access to all four ASPET journals:
 - *Drug Metabolism and Disposition*
 - *The Journal of Pharmacology and Experimental Therapeutics*
 - *Molecular Pharmacology*
 - *Pharmacological Reviews*
- Free full-text online access to all issues of ASPET journals back to volume 1, issue 1
- Free online subscription to the ASPET newsletter, *The Pharmacologist*
- Free email subscription to the bi-monthly *ASPET Newsbrief*
- Access to *Pharmtalk* and other blogs on the ASPET website
- Discounted article publication charge for *Pharmacology Research & Perspectives*

ASPET Meetings

- Reduced registration fees
- Opportunities to present your work
- Opportunities to help develop the programming of the Annual Meeting through the Divisions
- Free networking and social events
- Travel Awards for students, young scientists, and educators
- Best Abstract Awards for students and young scientists

ASPET Public Affairs Advocacy

- Public affairs advocacy for research funding and science policy favorable to pharmacology and biomedical research
- Opportunities to participate in the Washington Fellows Program
- Opportunities to participate in the Advocacy Outreach Program
- Capitol Hill preparation
- Monthly legislative updates by email

ASPET Awards

- Travel awards to the ASPET Annual Meeting and IUPHAR World Congress of Pharmacology
- Summer Undergraduate Research Fellow (SURF) awards
- Best Abstract Awards for undergraduate students, graduate students, and postdocs

ASPET Career Center

- Free registration and many free resources for job seekers
- Reduced pricing for members to post jobs on the ASPET Career Center
- Access to the *National Healthcare Career Network*

ASPET Divisions

- Free membership in ASPET Divisions:
 - Behavioral Pharmacology
 - Cardiovascular Pharmacology
 - Drug Discovery & Development
 - Drug Metabolism
 - Integrative Systems, Translational & Clinical Pharmacology
 - Molecular Pharmacology
 - Neuropharmacology
 - Pharmacology Education
 - Toxicology

Other Exciting Benefits

- Free listing and online access to the FASEB directory
- Opportunities to contribute to the Society by participation in elections, committees, and member surveys
- Reduced subscription rates for non-ASPET journals the *FASEB Journal* and *Clinical Pharmacology and Therapeutics*
- Discounted member rates to purchase ASPET products at "Shop ASPET"
- Discounted member rates to attend Chapter meetings and other satellite meetings
- Automatic notification of events, opportunities, and Society news by email

Apply for Membership

ASPET membership is open to anyone with a genuine interest in pharmacology and experimental therapeutics.

Our membership includes researchers and students in academia, industry, and government from all over the world. We are extremely proud to be associated with some of the world's most prominent scientists, including 16 Nobel Laureates, who have made major contributions to pharmacology. ASPET members continue to make a major impact in health and medicine, receiving high honors and appointments throughout their career.

We invite you to explore the benefits of membership and join our prestigious group of scientists today!

Applications for membership are accepted and reviewed on a rolling basis throughout the year.

To apply for membership, visit us online at:
